What a glorious week it has been here in school - even if a little warmer than we are used to! Everyone has continued to work hard and make the most of the nice weather, whilst also being sensible and safe in the sun. Please continue to dress in loose clothing and come into school with sun cream applied and caps/brimmed hats should you wish for these to be worn during outdoor play times and activities.

**School dinners**  
We will be continuing a cold selection of lunch food next week which we are sure the children will enjoy, as well as it being quite a nice welcome change as these warmer days are doing their job of keeping us warm!

**SUPERSTARS**  
Our Year 1 children (and some Year 2) children worked incredibly hard on the National Phonics screening tests. Year 4 have also completed their national tests in the Multiplication Timestable Check. We are proud of every child in our school and these children showed true resilience as they completed their checks. Well done!

**A HOT THANK YOU!**  
With temperatures scorching this week, we have been using creative ways to keep cool. In addition to this, the lovely staff at **ALL YOUR APPLIANCES** in Winsford, have incredibly kindly donated a new freezer to the school, so we can keep a full supply of frozen treats on hand to keep us cool in the run up to the holidays.

**SPORTS DAY**  
We are very much looking forward to welcoming you to our school next Thursday afternoon for sports day. A letter about tickets will have come home today. Please return this to school by Monday, indicating how many tickets you will require, and these will be sent home to you by Wednesday. We are anticipating a large number of vehicles due to our whole school event and therefore we encourage anyone who has the opportunity to car share with friends or family members, to please consider doing so. Again, this will hopefully make a smoother, less congested and more enjoyable experience for all. Thank you kindly.

**CELEBRATION ASSEMBLY**  
Congratulations to all the rosette winners this week.
